Item Changed	From	To
--------------	------	----

This letter is issued in response to your request dated January 20, 2000, that the determination be corrected to properly reflect its status as a support organization, as described in section 509(a)(3) of the Code.

The information you have submitted in response to our letter of March 23, 2000, demonstrates the organization did indeed, request classification under section 509(a)(3) at the time application for recognition was initially made. Furthermore, the documentation you have provided demonstrates the organization qualified as a supporting type of organization when application was made; and, that the organization continues to meet the criteria for classification under section 509(a)(3) of the Code.

Accordingly, we have updated our records to indicate this organization is a supporting organization described in section 509(a)(3) of the Code.
