AI in BIODIVERSITY
RESEARCH THEMES AND FUTURE DIRECTIONS WORKSHOP

WHAT'S HAPPENING?

UF researchers will meet to define leading AI-driven biodiversity research themes and set the direction for the next stage of planning. The session will also outline next steps, including identifying aligned opportunities, drafting white papers, and preparing UF teams for AI-focused research.

February 2, 2025

1 - 4:30 PM

WHO WILL BE THERE?

UF researchers working in AI, biodiversity science, environmental modeling, data-driven ecology, or related interdisciplinary areas should apply.

In person, Main Campus

Apply by January 12, 2026
